Dear Jeff Brindle

We were among the former students of your school who came together on 2 June to remember the evacuation of the school in 1940.

For us (probably the oldest present) and for many others the most memorable event of a memorable day was the visit to our old school.

We shall always remember the wonderful hospitality we received from you, your colleagues and your students. We remember not only the warm friendly atmosphere but also the impeccable invisible organisation through which you made us feel so welcome.

For all of this the commemorative booklets with individual reports will provide lasting memory for us and our children. They are a most accomplished production which must have required a great deal of time and effort. For this, many thanks.

We have always been proud of our school & it is a great satisfaction to know it is now in such good hands.

Yours sincerely, Jean Fairham (née Meager)

Donald Fairhall
