Dear

Jeff

A sincere thank you, on behalf of all the evacuees, for entertaining us so royally on Tuesday. I am very grateful to you personally, to Lynne and to everyone, governors, staff and students, who went to so much trouble to make us welcome and to make the event such a success. Above all it was a happy day for all of us and everyone spoke in glowing terms about the school. What really impressed us all was the cheerful self-confidence of the students, a sure sign of a thriving school of which you can be justly proud.

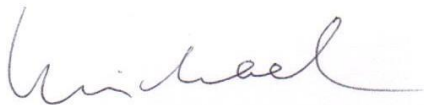

I am writing separately to Lynne with copies of more memorabilia for your archive.

Having re-established contact with the school after so many years, I shall continue to watch its progress through your excellent web-site.

Please pass on my thanks to everyone involved in Tuesday's event.

With best wishes

Yours sincerely

Michael Meager

Dear fellow evacuees,

I am so disappointed not to be with you on this momentous day. I'm holiday-making in France (would you believe it?!) with my family.

I have two sons and two daughters, eleven grand-children and fifteen great grand-children.

Since leaving school I attended Goldsmiths College, evacuated to Nottingham from London. I married, then took up several different teaching positions. I have taught all ages from 7 to 17 years old. Now I'm retired and a widow and enjoying my old age, together with a new partner who unfortunately had a stroke last year and is now in a care home.

I thought you might be interested to see copies of letters that I wrote while living in Wolverley. I remember it all very clearly.

If you remember me, please contact me. I should be so pleased to hear from you.

Hope you have a wonderful time and meet many old friends.

Sincerely I am

Daphne Harvey
