8th November 2023

Dear Parents/Carers

Re: 2023 Mock Examinations - Tuesday 28th November-Monday 4th December

Our 2023 Mock Exams will take place week commencing 28th November. The purpose of these progression examinations is to gauge individual student progress and identify any areas of priority as we move forward. The mocks will take place under strict examination conditions so as to mirror the experience of that of the summer examinations, this will provide an opportunity to help students prepare and understand the legal regulations and expectations within the formal examination setting.

We encourage all of our students to work hard, revise and be well prepared for the mock exams. College staff are available to offer any advice and guidance, and students should not hesitate to contact any of their teachers or the sixth form team, should they require any additional support. The link to our independent learning guides can be found [here](#).

Friday 24th and Monday 27th November are non-pupil days. Mock examinations will occur on their normal timetabled days from Tuesday 28th November.

Following the mock exams, it is important for students to be aware that if the required examination standard is not met, they will be expected to engage with additional intervention. If any student is unable to achieve the demands of the course, staff will meet with parents and individuals to discuss possible solutions and options for their current course pathway.

Our college is committed to working in partnership with students and their parents. Individual student success is more likely with the mutual support of home and school working together. Therefore, please encourage your son/daughter to plan and engage with their independent learning so that they are well prepared for these vitally important examinations. Details of revision support for different subjects will be available via Google classrooms.

Should you have any concerns or queries, please do not hesitate to contact me.

Yours sincerely

Mrs S McKarry
