

# Year 7 Catch-up Funding Report

Clacton County High School

The Literacy and Numeracy Catch-Up Premium provides schools with an additional £500 for each Year 7 pupil who did not achieve at least the minimum standard in English and/or Maths at the end of Key Stage 2. The table below details how funding was distributed in 2019-20. In 2020 to 2021 funding that would have been allocated to schools for the year 7 catch-up premium has been included in the catch-up premium allocated to the school by the DFE following this year's lockdown due to Covid 19.

year 7 catch up funding 2019-20			
Year	Funding to be received (provisional)	Allocation	Impact
2019-20	£ 28000	Purchase of accelerated reader programmes to help boost reading ages of year 7 catch up students.	The impact of Covid 19 meant that these programmes were not completed as they are stated. As the need changed, support for year 7 catch up students moved online to support their home learning. As a result, the funding provided to catch-up was used to support online programmes and mentoring during the lockdown period.
		Reading peer mentoring programme run by the literacy and numeracy coordinator to help improve reading ages in year 7.	
		Funding for extra literacy and numeracy lesson as part of the technology rotation to support learners who scored below the national average in SATS testing
